EVERY DOOR DESERVES A

**dorsët**

MORE SAFE. MORE SECURE.

Whether you're a homeowner, an architect or a builder dedicated to excellence, every home you build holds a unique story, woven with memories, dreams, and aspirations.

At Dorset, we believe that every door is not just an entrance but a gateway to a world of possibilities, an embodiment of your home's character and charm.

Our commitment goes beyond mere furnishings; it's about infusing your space with the essence of quality and world-class craftsmanship that resonates with your soul.

We understand that more than just security, you seek peace of mind. That's why we meticulously curate our selection to protect more than just your material possessions. We believe in safeguarding your sentiments and embellishing it more safely and more securely.

That's why we say, '**every door deserves a Dorset**'.

**VISION**

To be an Enterprising, Innovative and profitable global supplier of total access products for homes and Workplaces and to be an employer who understands the importance of creating value for all Stakeholders.

**Mission**

"Dorset Inside" we shall strive to create Innovation, Value based and Trust worthy products for all establishments to ensure safe and secure living & working environment

# dorsët

An organization with over 29 years of experience as a reputed manufacturer of architectural hardware and provider of high security locking solutions.

We combine new age aesthetics with cutting edge technology.

Our collection includes Architectural Hardware, Door handles, Door Locks, Door Control Devices, Glass Hardware, Door Accessories, Digital Locks, Furniture Fittings & Kitchen Hardware.

Equipping ourselves with the powers of Automation, Emerging Technologies backed by a full-fledged research unit comprising four independent R & D cells dedicated to ushering in tomorrow, today.

At the heart of it all is our understanding of the evolving technological scenario and changing consumer needs.

We understand that in order to stay ahead we have to keep innovating to keep delighting our customers.

profile

**Our technical process and advanced machinery are the key factors of our innovative drive as we continue to pioneer the way we offer solutions, in the way we deliver value, and in the way we maintain our quality assurance.**

Our Manufacturing Engineering making use of latest TQM techniques like JIT, VSM, SPF, SMED and automation methods acts as a critical linkage between design & manufacturing departments, helping us deliver outstanding products with short turnaround time. The raw materials are sourced only from the best suppliers & they all undergo rigorous testing at the early cycle for impeccable product quality. To carry out various operations on the components, we have world class CNC machines, SPMs and other conventional machines capable of unprecedented detail and accuracy.

strength

Sustainability is one of the core values practiced by Dorset and our commitment to it is absolute. Respect for nature and natural resources, responsible use of scarce resources, giving back to the community, and making the world a better place for future generations are important goals aimed at and practiced by Dorset.

We understand the importance of being a responsible corporate citizen. Hence our approach towards sustainable development is at par with the best practices followed in the industry, worldwide. Our environment management team is continuously involved in trying to find new ways to ensure improvement in our environmental performance. We also make sure that we are in compliance with all applicable environmental legislation and regulations. We regularly conduct environmental awareness programme for all our employees. All our manufacturing facilities are geared towards reducing air, water and soil pollution, waste generation and natural resources consumption.
